ENOX E

ASSA ABLOY

ASSA ABLOY is the global leader in door opening solutions

Since its formation in 1994, ASSA ABLOY has grown rapidly over the last 20 years, from a regional company to an international Group with around 44,000 employees.

ASSA ABLOY is represented on both mature and emerging markets world-wide with leading positions in Europe, North America and Asia Pacific.

ASSA ABLOY's leading market presence in the Asia Pacific region is based on the industry's largest and most valuable brand portfolio.

ASSA ABLOY recently acquired major stake in ENOX Hardware India Private Limited, a privately owned company with deep rooted family values.

ENOX E
ASSA ABLOY

ENOX in brief

ENOX as a brand is extensively used in mid level markets across all sectors of the industry like Hospitality, Commercial, Residential, Infrastructure and Healthcare. ENOX Hardware has a diversified product portfolio ranging from door controls hardware to aluminum profiles to furniture fittings but our major business churning products are Glass Architectural Hardware and Glass Sliding Solutions. With the continuous support of and untiring efforts of our in-house product management team, we've developed an entire range of sliding systems be it manual or automatic, wood or glass.

ENOX in India, started its journey from selling door hardware in 2007 and now has successfully managed to grow exponentially with about 225 employees.

Mission Statement

Superior customer service, Quality and Commitment with Profitable Growth

Vision

- To be India's leading consumer company for Glass Hardware and Sliding Solutions
- To be the company that best understands and satisfies the product, service and self-fulfillment needs of our customers.
- To offer a pleasant working environment to our employees.

Automatic Sensor Doors

Automatic Sensor Door

It is an era of Automation

Presently the lifestyle of any individual keeps them busy and occupied in their daily schedules, which can be eased with the help of some automation. Automatic doors ensure decreased overhead costs, increased productivity, consistency, reliability and security.

Automation is having technology do things for you repeatedly with precision and assuring safety. Automatic sliding doors definitely help in saving time, money and energy.

Type of Automatic doors

- Single leaf Maximum opening 1800mm.
- Bi-parting door Maximum opening 2200mm.

Bi - Part / Double Door

Single Door

Sliding Solutions

Glass Sliding Folding System - 202 P

Features :

- Advanced glass center folding mechanism for up to 6 frameless glass panels with professional design concept.
- Center folding system is designed for both interior and exterior applications.
- Panels are connected using a hinges system.
- Nylon wheels integrated bearing for silent and easy running.
- Maximum weight of door : 75kgs/Panel.
- Minimum Panel Width : 500mm.
